expeditious) means with which they are filed with the Board.

(d) Each pleading shall contain a certificate of service stating that the pleading has been served in accordance with paragraph (c) of this section.

(e) All applications and pleadings containing statements of fact (i.e., except motions to strike, replies thereto, and other pleadings that consist only of legal argument) must be verified by the person offering the statement, in the following manner:

I, [Name and Title of Witness], verify under penalty of perjury, under the laws of the United States of America, that all information supplied in connection with this application is true and correct. Further, I certify that I am qualified and authorized to file this application or pleading. Additionally, these misstatements are punishable as perjury under 18 U.S.C. 1621, which provides for fines up to \$2,000 or imprisonment up to five years for each offense.

(f) If completion of a transaction requires the transfer of operating authorities or registrations from one or more parties to others, the parties shall comply with relevant procedures of the Office of Motor Carriers of the U.S. Department of Transportation, and comply with ministerial requirements of relevant State procedures.

§ 1182.9 Notices of exemption.

(a) A transaction within a motor passenger corporate family is exempt from 49 U.S.C. 14303 if it does not result in adverse changes in service levels, significant operational changes, or a change in the competitive balance with motor passenger carriers outside the corporate family. The Board has found that its prior review and approval of these transactions is not necessary to carry out the transportation policy of 49 U.S.C. 13101; regulation is not necessary to protect shippers from abuse of market power; and an exemption is in the public interest. See 49 U.S.C. 13541(a).

(b) To qualify for a class exemption, a party must file a verified notice of the exempt transaction with the Board.

The notice shall contain a brief summary of the proposed transaction, the name of the applicants, their business address and telephone number, and the name of counsel to whom questions would be addressed. The notice shall describe the purpose of the transaction and give the proposed consummation date for the transaction, which must be at least 7 days after the filing of the notice. The notice shall describe any contracts or agreements that have been entered into, or will be entered into, concerning the transaction, and shall indicate the impact, if any, that the transaction would have on employees.

(c) The Board shall publish notice of the exemption in the FEDERAL REGISTER within 30 days from the filing of the verified notice of exemption. If the notice contains false or misleading information, the Board shall summarily revoke the exemption and require divestiture. Petitions to revoke the exemption under 49 U.S.C. 13541(d) may be filed at any time and will be granted upon a finding that the application of 49 U.S.C. 14303 to the person, class, or transportation is necessary to carry out the transportation policy of 49 U.S.C. 13101.

PART 1184—MOTOR CARRIER POOLING OPERATIONS

Sec.

1184.1 Scope and purpose.

1184.2 Contents of a pooling application.

1184.3 Processing pooling applications.

AUTHORITY: 49 U.S.C. 721, 14302.

§ 1184.1 Scope and purpose.

This statement of policy on motor carrier pooling applications implements section 20 of the Motor Carrier Act of 1980 [Pub. L. No. 96-296, 94 Stat. 793]. The Act's provisions are now contained at 49 U.S.C. 14302.

[46 FR 21181, Apr. 9, 1981, as amended at 64 FR 53269, Oct. 1, 1999]

§ 1184.2 Contents of a pooling application.

A pooling application filed under 49 U.S.C. 14302 should include the following information:

(a) An identification of all the carriers who are parties to the pooling agreement;

(b) A general description of the transaction;

(c) A specific description of the operating authorities sought to be pooled;

(d) The basis to establish that the agreement is a genuine pooling arrangement (as opposed to a lease or interline arrangement);

(e) A description of what applicants consider to be the relevant transportation markets affected by the proposed agreement;

(f) The competitive routing and service alternatives that would remain if the agreement is approved, to the best of applicant's knowledge;

(g) If there is a lessening of such alternatives, an estimate of the public benefits that will accrue from approval, or new competition that will arise, which would offset such lessening;

(h) A narrative assessment of how the pooling arrangement will affect present and future competition in the area, including a description of the projected volume of traffic, the revenues, and the commodities which will be subject to the pooling agreement;

(i) Certification that rates set for traffic moving under the agreement do not violate the restrictions on collective ratemaking contained in 49 U.S.C. Subtitle IV and Board regulations;

(j) A narrative statement as to the relative transportation importance of the pooling agreement as it would affect the public and the national transportation system;

(k) If any known non-pooling carriers authorized to transport the subject traffic are not included in the pooling arrangement explain why, and explain whether inclusion would enhance or restrain competition;

(l) A statement of the energy and environmental effects of the agreement, if any; and

(m) Certification by applicant, or its representatives, that the representations made in the application are, to

the best of applicant's knowledge and belief, true and complete.

As appendices, applicants must submit: (1) A copy of the pooling agreement; (2) a copy of the specific operating authority of each carrier which is the subject of the pooling agreement; and (3) a caption summary (for FEDERAL REGISTER publication) of the pooling transaction sought to be approved.

[46 FR 21181, Apr. 9, 1981. Redesignated and amended at 47 FR 49595, Nov. 1, 1982; 64 FR 53269, Oct. 1, 1999]

§ 1184.3 Processing pooling applications.

After the pooling application is received (not less than 50 days before the effective date specified in the pooling agreement), the Board will either reject it or determine initially whether the pooling agreement is of major transportation importance and whether there is a substantial likelihood that the pooling agreement will unduly restrain competition. If neither of these two factors is present, the application will be granted without further hearing. Where either factor is found to exist, the application will be published in the FEDERAL REGISTER using the caption summary filed with the application, and a hearing will be scheduled (normally to receive written verified statements) to consider the issues further. In this second phase of the proceeding, the Board will consider whether the pooling agreement would be in the interest of better service to the public or of economy of operation and whether it will unduly restrain competition.
